Name: _____

Pick up all of the robots from the game board. Start on the **B** circle. Do not pick up your pencil. Draw a line going left, right, up, or down. **Every line must end on a robot or the E circle. No stopping on an empty box.** Try to collect all the robots and finish your last line on the **E** circle. You can go through a robot more than once.

Part of the line has already been drawn for you.

Didn't get them all? That's ok. This was hard.

I missed _____ circle(s).

Name: _____

Emma bought six red caps. She gave four red caps to her brothers. Emma's brothers will put the caps on their cats. What fraction of the caps is left?

Jack had 24 bottles of Coca-Cola. He gave 18 to his friends. How many does he have left?

Anna is having a bad day. Her best friend moved to another city. Now it will take Anna 2 hours and 44 minutes to get to her friend's house. How many minutes will it take to get to her friend's house?

Connor went swimming on Lazy Day. The pool was 17 feet wide. Connor swam across the pool 3 times. How far did Connor swim?
