							1
sum of 9 →				sum of 7 →		2	

Read the paragraph. Write a topic sentence that describes the paragraph.

I enjoy working at the food bank. I see all kinds of nice people there, and I do many jobs. One job I do is to sort cans of food and types of donated baked goods. I also help people find the food they need. People are always extremely grateful for the food bank, so I am glad to help. Volunteering at the local food bank makes me very happy.

Write a topic sentence for the paragraph: _____

Complete each analogy with the best word.

North America	March	Africa
January	Italy	Mexico
February	December	

Fourth of July : July ::

Valentine's Day : _____

China : Asia ::

Egypt : _____

Circle the pronoun(s) in the sentence.

They will be happy to go eat dinner with us.

word root **sub** can mean **under**

submarine, subtract

Name: _____

Gavin has a red, green, and blue quilt on his bed. One-fifth of the quilt is red and $\frac{1}{3}$ of the quilt is green. What fraction of the quilt is not blue?

Peter's uncle is in the Navy. He is a radioman on a submarine. Peter sent him a card on Hug a GI Day. It costs \$0.37 to mail the card. Peter gave the postal worker \$10. How much change did Peter get?

Guess what you have to do on the Name That Number app? You guessed it! You name the correct number. For 50 gold stars, here is the clue. The number rounded to the nearest 10 is 110. The ones digit is 1. Quick! If you can write the answer in 30 seconds, you get 15 bonus gold stars!

The jersey number of Jack's favorite player is the difference between 44 and 15.

"My favorite player's jersey has a number that is 3 more than your favorite player," Jacob replies.

What number is on the jersey of Jack and Jacob's favorite players?

Name: _____

This puzzle has a large number in the middle, which is the sum of the four numbers that surround it.

Example:

$$20 + 5 + 30 + 90 = 145$$

Example:

$$80 + 6 + 30 + 90 = 206$$

Sample:

Fill in the missing numbers. How? The sum of the four surrounding numbers is in the center of each square.

Exactly one of the four numbers has to be one of these numbers: 6 ones, 3 ones, or 5 ones.

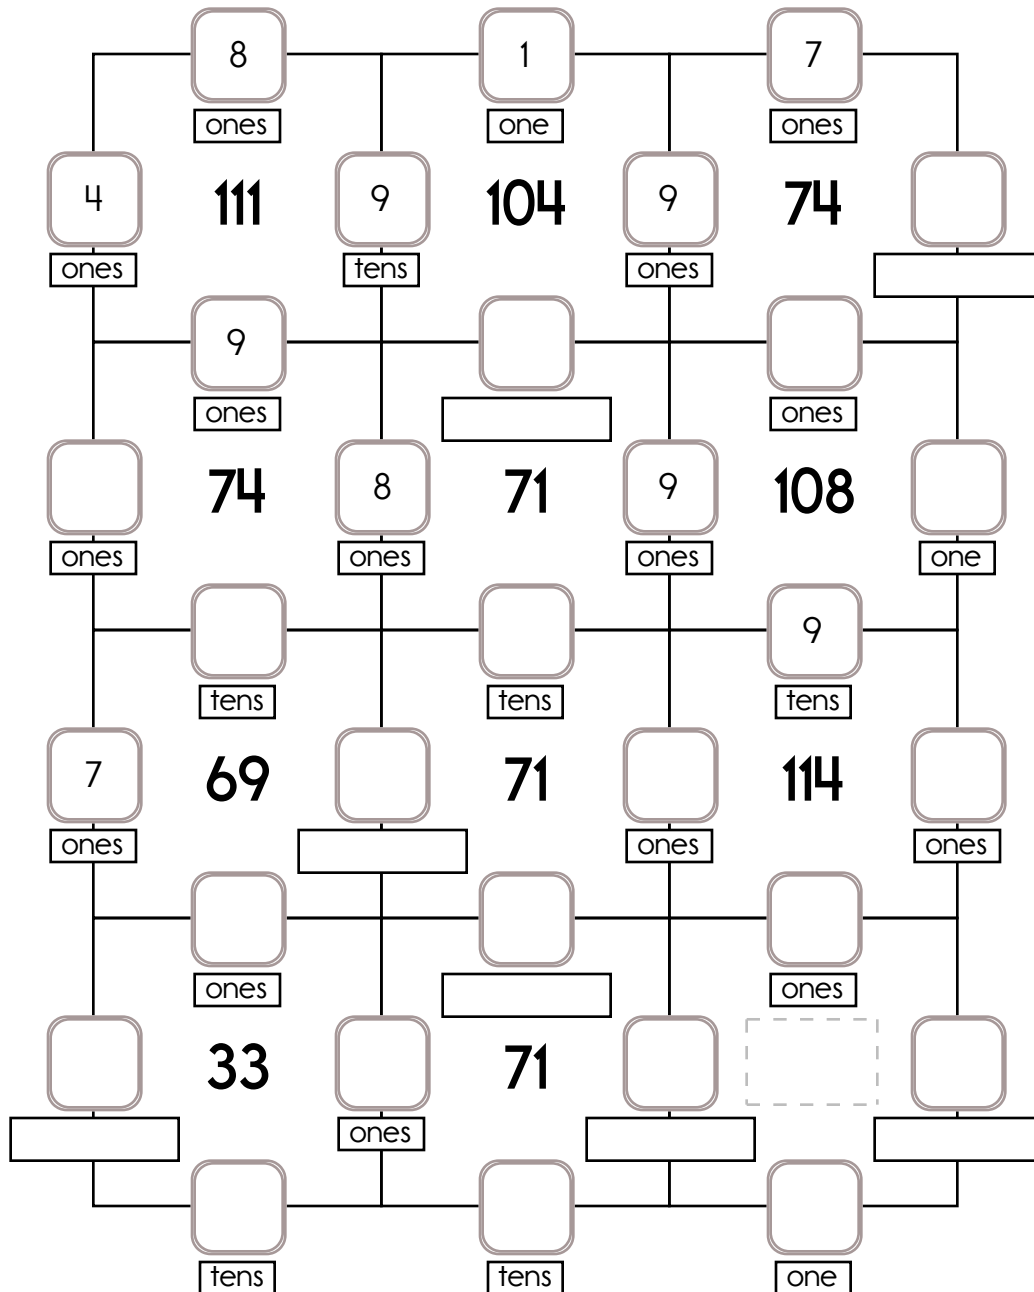

The other three numbers have to all be DIFFERENT and must be from these: 2 tens, 8 tens, 3 tens, or 9 tens.

$5 + \square = 15$	$26 + \square = 37$	$20 + \square = 30$	$12 + \square = 23$
--------------------	---------------------	---------------------	---------------------

Name: _____

Fill in the missing numbers. How? The sum of the four surrounding numbers is in the center of each square. Exactly one of the four numbers has to be one of these numbers: 9 tens, 5 tens, or 2 tens.
