### Sudoku Sums of 10

Each row, column, and box must have the numbers 1 through 6. All six numbers must be used, and none can be repeated. Hint: Look for sudoku sums. The sum of the two boxes inside of the dashed lines is 10.

Here is an example of a sudoku sum of 10:

2			6		4

1	2		4		
	5		1
