Anne bought some seeds. She planted them in pots. They grew into corn plants. There were six plants. Each plant had three ears of corn on it. How many ears of corn were there in all?

Alex bought a book of Smiley stickers. He wanted to give a sticker to everyone that wasn't smiling during Humor Month. There were 90 stickers. The stickers were divided evenly on 5 pages. How many stickers were on each page?

Jenna and Gavin each ordered a pizza pie at CC's Pizza. CC's pizza is special in that they don't cut the pie into slices, you have to do that! When Jenna got her pie she cut it into 6 slices. Gavin decided to cut his into 4 slices.

If Jenna ate 3 slices and Gavin ate 2 slices, who ate more?

Anne collects squishies. Before she started getting serious about collecting, she only had 5 of them. But now she has 27 squishies. She ordered 8 really big squishies online. They should be delivered next week on her birthday. And guess what? Next week on her birthday, she invited 6 friends over for a slumber party. In the invitation she said, "No gifts. Just give me 3 squishies."

On the day after her birthday, how many squishies will Anne have?

5,005

Anna gives each student in her class 2 fidget spinners. She gave out 34 of them. How many students are in her class?

Rose has a bowl. She puts 12 nickels into the bowl. David sees the bowl and takes 4 nickels. How much money (in cents) is left in the bowl?

Anne is four years younger than her older sister, Sara. Sara is fifteen years old. What is the sum of their ages?

Circle words to the RIGHT or DOWN. When you are done, use the letters that are left to find a mystery word. Put a square around each letter left over. The first 2 letters that do not form a word are rectangled.

```

I N T E R E S T I N G S E E M
G C L B R A K E B U S H E L
R U E M W O O L C U R T A I N
I R T I B R A N D W A L O U D
N E A D           D S I B L E S S
B G S N           T O I T           A A
L R K I S B R N M H B W W W L
A A T G           O A K P O A A H E I
Z N   H   I I E L U B R E N V
E D   T   L N Y E T Y M N T E
    
```

Write the words found.

The secret word is all that is left. It consists of all the letters that did not form a word. What is it?

L	E			
---	---	--	--	--

Using the words from the puzzle, write a different word on each line. Explain what it means.
