Rose stepped in the mud. She made a mud footprint on the kitchen floor. Her mother said, "Who made the mud footprint?" Rose said, "Little Sister did it." Mother said, "Little Sister's feet aren't that long." She measured Rose's foot and Little Sister's foot. Rose's foot was six inches long. Little Sister's foot was five inches long. How much longer was Rose's foot than Little Sister's foot?

Jason had twelve model cars. He had made each one by himself. First, he put the cars together. Then he painted each car. It took him two hours to make each car. He took five cars to school. He put them on the edge of a shelf. All five cars fell off and broke in many pieces. Jason blamed Anna for breaking his cars when she put her books on the shelf. His teacher said he had put the cars too close to the edge of the shelf, so he should blame himself. How many cars does Jason have left?

A diagram of a 3x3 grid with a red 'X' in the center. The grid is composed of squares, some of which are shaded light red. The 'X' is formed by the center square and the squares immediately adjacent to it horizontally and vertically. The grid is labeled with numbers 8, 4, 2, and 7 in the top row, and 2 and 7 in the middle row. The bottom row is empty.

A 3x3 grid with a staircase pattern of red squares. The grid is defined by dashed lines. The top row has a red square at column 3. The middle row has red squares at columns 2 and 3. The bottom row has red squares at columns 1, 2, and 3. The numbers 6, 4, 9, and 2 are placed in the middle row at columns 2 and 3. The letter X is placed to the left of the middle row at column 2. A thick horizontal line is drawn below the bottom row.

Start on the **B** circle. Do not pick up your pencil. Draw a line going left, right, up, or down.
Every line must end on a circle. No stopping on an empty box. Try to collect all the circles
 and end your last line on the **E** circle. You can go through a circle more than once.

Part of the line has already been drawn for you.

Didn't get them all? That's ok. This was hard. I missed only _____ circles.
