Name: _____

Ms. Jackson built a low fence around her beehives. She used 30 feet of fencing. How many yards of fencing did she use?

Holly put 8 marshmallows in each of 43 bags. The marshmallows are for the class cookout. How many marshmallows did she use?

You get the area of a rectangle by multiplying its length by its width. If its width is 2 feet and height is 7 feet, then the area is 2 feet x 7 feet = 14 feet squared. Megan drew a square. She does not know how to calculate its area, but she calculated the perimeter to be 12 feet. "I just added all the sides together to get the perimeter. How do I get its area?" she asks.

How would you respond?

I am an odd whole number. I am greater than 0 and I am also less than 20. If you multiply me by 5 the product will be less than 1. What possible number or numbers could I be?

Circle the abstract noun.
