# Greater and Less Than Number Kissing

Start at a green number and draw a line to any red number that is greater than the green number.

Draw a line that connects one number to one other number to kiss. Draw your lines over the trace lines. No lines may cross. Once you draw a line to a number, that number cannot be used again.

One complete line has already been drawn for you.

The grid contains the following numbers: 0 (green), 15 (green), 9 (green), 4 (green), 16 (red), 13 (green), 12 (red), 5 (red), 17 (red), and 1 (red). A solid orange line connects the number 0 to the number 1.
