A 3D diagram of a staircase with 4 steps. The top step is labeled '7' and '3'. The second step is labeled 'X', '2', and '4'. The steps are colored in shades of red and pink.

A 3x3 grid representing a 3D structure. The grid has a solid black line at the bottom and a solid black line across the middle. The top row has a dark red square in the middle and a light red square in the right. The middle row has a light red square in the left, a dark red square in the middle with an 'X' to its left, and a light red square in the right with the number '9' to its right. The bottom row has a light red square in the left, a dark red square in the middle, and a light red square in the right. The numbers '4' and '2' are in the middle of the top row, and '3' is in the middle of the middle row.

A diagram of a staircase with 5 steps. The top step is labeled '9' and '3'. The second step is labeled '8' and '5'. A horizontal line is drawn below the second step. The third step is labeled 'X'.

Ready to make equations? There is a missing equation in each box.  
Circle the numbers once you find it!

**A**

28	37	54
68	31	12
87	55	76

Find a subtraction fact.

**B**

69	23	85
37	15	52
19	83	96

Find an addition fact.

**C**

52	38	69
73	83	82
58	78	6

Find a subtraction fact.

Equations:

Write the equation facts you found.

<b>A</b>	68	-	31	=	37
<b>B</b>		+		=	
<b>C</b>		-		=

# Greater and Less Than Number Kissing

Start at a green number and draw a line to any red number that is less than the green number.

Draw a line that connects one number to one other number to kiss. Draw your lines over the trace lines. No lines may cross. Once you draw a line to a number, that number cannot be used again.

One complete line has already been drawn for you.
