Jason

Facts

April is twice as old as Jacob.

Max is twenty-one years older than Jacob.

Wendy is twenty years older than Max.

Jacob is four years old.

Jason is sixty-five years older than April.

How old is Jacob? _____

How old is Max? _____

How old is Wendy? _____

How old is April? _____

How old is Jason? _____

If there are two red marbles and five yellow marbles in a box, what is the probability that you will pick out a yellow one with your eyes shut?

Write the numeral for five hundred seventy-two.

Color in $\frac{2}{3}$.

Which is larger, $\frac{3}{5}$ or $\frac{2}{5}$?

Insert a comma in the appropriate place in this sentence.

The best things in life are free but the second best things require an allowance!

Name: _____

The newspaper listed the daily high and low temperatures for four cities (Manila, Helsinki, New York City, and Los Angeles). The high temperatures were fifteen degrees Celsius, thirty degrees Celsius, negative four degrees Celsius, and negative eight degrees Celsius. The low temperatures were negative nine degrees Celsius, one degree Celsius, nineteen degrees Celsius, and negative eighteen degrees Celsius.

Figure out the high and low temperatures for each city.

1. Helsinki had the lowest low temperature of the day.
2. Manila's low temperature of the day was thirty-seven degrees Celsius warmer than Helsinki's low temperature of the day.
3. Los Angeles' high temperature of the day was warmer than negative eight degrees Celsius.
4. Manila's high temperature of the day was warmer than negative eight degrees Celsius.
5. Helsinki's high temperature was not thirty degrees Celsius.
6. Los Angeles' high temperature was not thirty degrees Celsius.
7. The difference between New York City's high and low temperatures was five degrees Celsius.

Manila had a high temperature of _____ and a low temperature of _____.

Helsinki had a high temperature of _____ and a low temperature of _____.

New York City had a high temperature of _____ and a low temperature of _____.

Los Angeles had a high temperature of _____ and a low temperature of _____.
